Comprehensive coverage of the National Curriculum – find relevant resources quickly, by curriculum objective or topic:

- A dedicated resource area for the 2014 National Curriculum, created by teaching experts, highlights the key changes for each year group, and how Discovery Education Espresso can support you.
- Module guides provide teachers with context for the resources and the curriculum objectives they help deliver, with suggested ideas for integrating the resources into lessons.
- Multiple tools enable you to search for the perfect resource. Search by curriculum objective and year group in each subject area and you'll find our recommended resources. Alternatively, select a subject and browse by the relevant topic and resource type for a complete list of what's available.

Discovery Education Espresso makes the integration of digital resources easy for teachers:

- Download, embed and link to videos at the click of a button.
- Personalise your resources for learning platforms or PowerPoints and encourage pupils to mash up and create something new.
- Create a planned series of activities with the Route creator, drawing from the wide variety of resources available in the service.
- Tablet-friendly - use Discovery Education Espresso on your iPads and other mobile devices.
- Take learning beyond the classroom with teacher and pupil home access.

Make every lesson memorable with Discovery Education Espresso.
