

Approval Guide

Discovery Education

Approval guide for schools

Once the connection to your MIS has been established in your school, you will be provided with a Wonde portal. This portal allows you to manage the applications you subscribe to and the information you share with them. Wonde gives you the control to approve their access to your MIS information and this guide will take you through the required steps to action this, for each individual application.

If you have any problems or questions, please contact our support team by calling 01638 438094 or you can raise a support ticket by emailing support@wonde.com.

1. Log into your Wonde portal account by heading to school.wonde.com/login.
2. Once you have followed the login process, you will be taken to your dashboard:

The screenshot shows the Wonde basic dashboard with the following sections:

- Pending approval:**
 - Data Recovery
 - MyLogin Lite
 - Discovery Education
- Approved applications:**
 - Edusync Apple
 - Edusync Google
 - Edusync Microsoft
 - Evouchers.com
 - mylogin
 - Betty's Spelling Bee

3. Pending applications will show at the top of the page. Any application that requests your school will show in this section waiting for your approval. Select the application you'd like to review:

Pending approval

Discovery Education

Approved applications

4. This will load the request from the application:

Discovery Education provides curriculum-aligned digital resources, engaging content and professional learning for primary and secondary classrooms. Its services include Discovery Education Espresso, Discovery Education Coding, Discovery Education Health and Relationships, Discovery Education STEM Connect and Discovery Education Pathway.

Read about the data requirements [here](#). Access to your subscribed Discovery Education services will be live within 48 hours of approving the connection. Please click [here](#) to find out how to get started.
